

23 October 2025

Dear Families

Year 4 Centre For Life Visit

Year 4 will be visiting the Centre For Life on **Monday 17 November 2025**. On the trip the children will take part in a Discovering Chemistry workshop where they will take on the role of a chemist and use real laboratory equipment to discover the beauty and wonder of chemical reactions. The learning experience will consolidate the children's understanding of their Autumn 2 Science topic *States of Matter*. The trip also includes a 45-minute session on the outdoor ice rink at the Centre For Life.

We will leave at 9.00am and return by 3.00pm, travelling by Metro. Children must wear their full school uniform and have a waterproof jacket, gloves for the ice rink, water bottle (no glass), packed lunch and bag. Please remember not to include any products with nuts or any fizzy drinks in the packed lunch.

We require 5 parent volunteers to accompany us on this trip. If you are available to help, I would be grateful if you could contact the school office **no later than 3pm on Friday 7 November 2025**. A short meeting will be held on the morning of the trip to discuss safety protocols, in line with our risk assessment. If we are over-subscribed for volunteers, names will be drawn out of a hat to allow the process to be fair for all interested parties.

We ask for a voluntary contribution of **£14.50** per child towards the cost of the workshop and transport. All contributions should be paid using the Arbor website. Please contact the office if you have any further questions about the trip.

Yours sincerely

E. Salter
