Dear Parents

We are delighted to have been invited by St Charles' Catholic Primary School to offer a STEM club for pupils in Years 3 to Year 6 (KS2).

This course is designed to give an appreciation of how engineering contributes to pupils' spatial awareness and practical dexterity, through the medium of: engineering, teamwork and numeracy.

The workshops are for a 6-week period, commencing **Thursday 6 June** from 3.20pm-4.20pm. We will need a minimum of 15 pupils in order to make the course viable. The cost of the six-week course is £36 per pupil, payable in full in advance by BACS (see details overleaf). Numbers will be limited to 30.

If you would like your child to take part, please complete the registration form overleaf, return it via email to the email address at the top of this letter and make your payment via BACS. Places will be allocated on a first-come-first-served basis.

We are very much looking forward to working with the school on what I am sure will be a fun and fruitful learning experience.

Very best wishes.

Kate Mercer
