Dear Families

Teddy Bear Hospital

On **Wednesday 23 October** Nursery and Reception will be visited by the Teddy Bear Hospital Society from Newcastle University.

The Teddy Bear Hospital Society is the Newcastle branch of the international Teddy Bear Hospital charity, run by students from Newcastle University. They run activities based on various themes: living a healthy lifestyle, dental hygiene, basic anatomy, and aim to familiarise young children with healthcare professionals.

For the session, please could children bring a small teddy bear/doll to take part in a mock “consultation”. If you do not have a bear/doll to bring, school will be able to provide one. Through this experience, we hope to show children that going to see the Doctor isn't as scary as they might think.

If you have any questions regarding this visit, please do not hesitate to ask.

Yours sincerely

Miss E. Salter
